## President's Note

Hello Woodturners,  
We had a great time at Parkerville. Thanks to everyone who came & helped, the day flew by. There was a lot to see & learn about, we spoke to several woodturners, hope to see them at the next meeting.

How did you do with the hollowing challenge? Remember it doesn't have to be big & deep or finished, just some type of hollow form, it's about challenging yourself to try something different. Give it a whirl, we can talk about it Tuesday.

Eric is doing a demo on multi axis turning, should be fun. Next month's challenge will be very interesting.

We have 2 more meetings this year, we will be looking for ideas for demos next year, this is your club what are you interested in? I implore you to let Don know, send him an email or talk to him at the meeting, I know it's hard during an open forum but if there is something you're interested in there is probably somebody else also interested.

John
